Short description
MODERN intends to increase the ability and motivation of teachers and trainers to use digital learning resources as a means to more effective, relevant teaching. It focuses primarily on VET teachers and trainers and HEI teaching staff.

List of outputs
- Audit of Digital and Interactive learning resources for VET and HE that will identify and categorise +70 MODERN (mobile, online and digital) teaching/learning resources
- Pedagogic assessment of most promising mobile and digital e-learning resources for VET and HE that will detail strengths and weaknesses of top 20 mobile and digital learning resources based on potential for innovative pedagogic strategies (also available online)
- MODERN Toolkit, entailing the development of a series of interactive materials based on the top 20 MODERN tools selected. It will provide practical guidance and tools to educators wishing to incorporate mobile and digital e-learning resources
- MODERN Innovation in Teaching Course Curriculum and Content, a short course to motivate/guide educators to pursue more innovative pedagogic strategies using mobile and digital e-learning resources

How to get involved?
Take a tour of the MODERN Toolkit and test the MODERN teaching materials selected. Let us know what you think about them and whether they can be useful for your teaching work!
