Proceedings of the Second International Conference on Computational Intelligence and Informatics

ICCI 2017

Series: Advances in Intelligent Systems and Computing

- Promotes recent advances and innovations in the disciplines of Computer Science and Information Technology
- Presents valuable research, ideas and experiences of scientists and scholars
- Discusses about the discoveries in computational intelligence and informatics

The volume contains 69 high quality papers presented at International Conference on Computational Intelligence and Informatics (ICCI 2017). The conference was held during 25-27, September, 2017 at Department of Computer Science and Engineering, JNTUHCEH, Hyderabad, Telangana, India. This volume contains papers mainly focused on data mining, wireless sensor networks, parallel computing, image processing, network security, MANETS, natural language processing, and internet of things.
