DISCLAIMER

All SGEM Conference proceedings papers have been subjected to a double-blind peer review process, performed by three international reviewers/scientists before acceptance – organized by cloud based Abstract and Manuscript Management System (AMMS) that secures details of anonymous uploading and review process. Its main purpose is to evaluate the validity, quality and originality of the articles sent for publication, as well as to support the integrity of science by filtering out invalid writings or writings of poor quality or plagiarism.

Authors are responsible for the content and accuracy of the written papers. Opinions expressed not meant to represent or reflect the position of the SGEM International Scientific Committee members.

No part of this book may be reproduced or transmitted in any form or by any means, electronic or mechanical, for any purpose, without the express written permission of the SGEM International Scientific Committee on Earth and Planetary Sciences.
