WORKSHOP: How to get your excellent research published

Date: Friday, Sep 23

Time: 09:50

LECTURER: Martina Huemann, Professor at the WU Vienna University of Economics and Business

You are completing an interesting research study on a Project Management topic and are looking for an academic journal to get your excellent research published? Prof.Dr. Martina Huemann, Editor-in-Chief of International Journal of Project Management and Founding Editor-in-Chief of Project Leadership and Society provides insights on possible publication outlets, how to write strong papers and the publication process. Martina gives tips what you should consider to successfully submit your paper and get it published. The workshop is your opportunity to ask questions and get tailored advice to increase the chances for getting your papers published.

IPMA Croatia in cooperation International Project Management Association (IPMA), regional IPMA SENET network, Croatian Association for Construction Management (CACM) and University of Zagreb, Faculty of Civil Engineering is proud to invite you to the *6th IPMA SENET Project Management Conference* under the theme:

Digital Transformation and Sustainable Development in Project Management

IPMA SENET is a network of IPMA Member Associations from Central and South - East Europe that gathers project management professionals from Bosnia & Herzegovina, Bulgaria, Croatia, Czech Republic, Greece, Hungary, Montenegro, Poland, Romania, Russian Federation, Serbia, Slovakia, Slovenia, Turkey and Ukraine. It was established in the year of 2000 with the aim to support the exchange of experience and proven practices in project management, knowledge sharing on the latest trends and solutions of project management collected through research and practice, as well as to exchange the newest information about trends and encouraging development of project management profession in the region.

Introduction to digital transformations

The main goals of the conference are to:

- endorse the development of the project management profession in the region
- strengthen the cooperation among SENET countries in development of PM practices/profession
- learn about the recent trends in project management
