Quest

Qualifying for the Ultimate Engaging Smart Training

fip Future In Perspective

EDEN EUROPE DIGITAL LEARNING

EFCoCert

Co-funded by the European Union

The Aim of the Project

The aim of the QUEST project is to contribute to the **skilling of all educators in using digital technologies effectively** in their teaching and training process by **qualifying them into high-quality Instructional Design (ID)**, contributing to the Digital Education Action Plan 2021-2027.

High Quality Instructional Design

QUEST partners identified a European need on the **lack of harmonization for the upskilling and reskilling of workers**, in the field of online training and digital learning experiences' development. The QUEST project will **contribute to close this gap through high-quality Instructional Design**

Learn More About QUEST

Main Objectives

01
Contribute to the harmonization, at European level, of the skills of the Instructional Designer profession

02
Facilitate the mobility of Instructional Designers at European level

03.
Increase the capacity to develop attractive eLearning at European level

04
Qualify professionals with previously acquired knowledge and skills in Instructional Design

EID Curriculum

The European Instructional Designer Curriculum

- **EIDe Professional Profile and Competence Matrix for an EQF level 6**
- **A set of Learning Outcomes (Knowledge, Skills, Autonomy + Responsibility) per Competence Unit**

Upcoming Results

EID eLearning course

European Instructional Designer eLearning course

- **Pedagogical Architecture**
- **Training Methodology**
- **Interactive Training Materials**
- **Supported by an Artificial Intelligence tutor bot**

EID RPL Process

The European Instructional Designer Recognition of Prior Learning Process

- **RPL Scheme**
- **RPL Tools**
- **RPL Final Framework**
