An interview with Professor Alfredo Soeiro from the Faculty of Civil Engineering of the University of Porto

Jul 2, 2025 | 03:00 PM

Share This Post:  

An interview with Professor Alfredo Soeiro from the Faculty of Civil Engineering of the University of Porto was conducted to understand the potential effectiveness of Green Jobs in the future, during the meeting held at FH Joanneum, Austria, from 23–27 June 2025. The interview is focused on:

- The future of Green Jobs
- Mention specific skills or industries
- Challenges or opportunities.
- Discussion on policy, education, or training

More detail see the interview video on the website [Interview](#)
