Ambassadors of the Digital Education Hub

Meet the change-makers promoting digital education across Europe.

Their role and contributions

Our ambassadors raise awareness about the Hub and represent our values. They:

- promote the Hub by sharing valuable stories, content, and best practices
- host and moderate events to spark discussion and collaboration
- connect people, ideas, and opportunities across borders
- represent the future of digital education as honorary ambassadors

Meet our ambassadors

They are educators, researchers, and digital learning experts who share our vision to

make digital education better.
