## TABLE OF CONTENTS

**PRECEITOS LEGAIS** 1  
**AGRADECIMENTOS / ACKNOWLEDGMENTS** 6  
**ABSTRACT** 8  
**RESUMO** 11  
**RÉSUMÉ** 14  
**ABBREVIATIONS** 17  
**CHAPTER I – INTRODUCTION / LITERATURE REVIEW** 19  
1. **Introduction** 19  
2. The protozoa Cryptosporidium and Giardia 20  
   2.1. Historical aspects 20  
   2.2. Taxonomy 21  
      2.2.1. Species and Genotypes 22  
      2.2.2. Host specificity 24  
   2.3. Life cycle 25  
   2.4. Ultrastructure of the trophozoite of Giardia and sporozoite of Cryptosporidium 28  
   2.5. Pathophysiology and clinical features 30  
   2.6. Epidemiology of Giardia and Cryptosporidium 34  
      2.6.1. Cryptosporidiosis and giardiasis in humans 35  
      2.6.2. Cryptosporidiosis and giardiasis in animals 37  
   2.7. Laboratory diagnosis 39  
   2.8. Genotyping 41  
      2.8.1. Techniques 42  
         2.8.1.1. PCR and PCR-RFLP 42  
         2.8.1.2. PCR and direct sequencing 42  
         2.8.1.3. PCR-SSCP 43  
         2.8.1.4. Real Time PCR (qPCR) 44  
         2.8.1.5. DNA microarrays and microsatellites or SSR’s 44  
      2.8.2. Genes used 45  
         2.8.2.1. hsp70, cowp, beta tubulin, 18S rDNA, trap, gp60 and actin of Cryptosporidium 46  
         2.8.2.2. β0giardin, tpi, gdh, SSU rDNA, orfc4, ef01a and VSP’s of Giardia 49  
   2.9. Cryptosporidium and Giardia population structure 52  
   2.10. Molecular epidemiology 55  
   2.11. Mixed infections 57  
   2.12. Giardia: different targets, different assignments 58  
**CHAPTER II – SPECIES OF CRYPTOSPORIDIUM AND GIARDIA INFECTIONG HUMANS** 61  
1. Genotype analysis of Giardia isolated from asymptomatic children in northern Portugal 61  
2. Genetic characterization of Cryptosporidium isolates from humans in northern Portugal 65  
**CHAPTER III – SPECIES OF CRYPTOSPORIDIUM AND GIARDIA INFECTING CALVES AND SHEEP** 69  
1. Prevalence and preliminary genetic analysis of Giardia isolated from adult sheep in Galicia (NW, Spain) 69  
2. Prevalence and preliminary genetic characterization of Cryptosporidium spp. from asymptomatic heifers in Galicia (NW, Spain) 73
3. Occurrence of *Cryptosporidium parvum* and *Giardia duodenalis* in healthy adult domestic ruminants 77

CHAPTER IV – PREVALENCE AND SPECIES OF *CRYPTOSPORIDIUM* AND *GIARDIA* IN WATER 85

1. Contribution of treated wastewater to the contamination of recreational river areas with *Cryptosporidium* spp. and *Giardia duodenalis* 85
2. Presence of *Cryptosporidium* spp. and *Giardia duodenalis* through drinking water 99
3. Detection of *Cryptosporidium* spp. and *Giardia duodenalis* in surface water: a health risk for humans and animals 111
4. Biological and genetic characterization of *Cryptosporidium* spp. and *Giardia duodenalis* isolates from 5 hydrographical basins in northern Portugal 123
5. Presence of *Cryptosporidium* spp. and *Giardia duodenalis* in drinking water samples in the north of Portugal 135

CHAPTER V – PCR DIRECT SEQUENCING AND REAL TIME PCR (qPCR) – NEW TARGETS AND APPROACHES 143

1. Genotyping of *Giardia duodenalis* cysts by new real-time PCR assays: detection of mixed infections in human samples 143
2. Identification of *Giardia* species and *Giardia duodenalis* assemblages by sequence analysis of the 5.8S rDNA gene and internal transcribed spacers 153

CHAPTER VI – GENERAL DISCUSSION 163

CHAPTER VII – CONCLUSION AND PERSPECTIVES 171
